Description

This service provide a list of live jobs with the following information based on specified search criteria which has been set up by customer services.

jobRef – This is a unique field specified for each job

location – City in which the job is posted

title – Main job title of the job

description – Full description of the job

salary – description of salary

employment type – Whether the job is full time or part time

sector/subsector – Each job can have up to 3 sectors/subsectors.

jobLink – This is a link the job on the live site

How to access/Authentication

A list of urls is provided below. You do not need to be authenticated to request a feed but it would be required if you want to set up a new one. If you require a customised feed then let us know and we can create one for you. We will provide you an id to get results specific to this feed for example

<http://partner.efinancialcareers.com/xml/1225>

We can create a customised feed based on many refinements such as keyword, job posted date, location, position type, sectors, skills, company and employment type

XML format

The format is very straight forward and self-explanatory

```

<jobs>
  <job>
    <company_name>Private Equity Recruitment</company_name>
    <title>Associate, Mid Market Private Equity Fund, Hong Kong</title>
    <description>Our client is looking for a consultant, investment banking or
private equity analyst and/or associate with very strong modeling and analytical
skills to join their team in Hong Kong. The main focus on the role will be the
analysis of the investment opportunities thus intimate knowledge of financial modeling
is essential. The right candidate will also need to provide support to the senior team
members in any other activities (presentations, reports, DD, special projects, etc).
The right candidate will have the opportunity to work with an established and leading
private equity firm.</description>
